

Calculated Nutrition Facts Panel Request

BEFORE REQUESTING A NUTRITION PANEL:

1. Be permitted to sell your product
2. Your recipe must follow the FDA serving size for your product type per 21 CFR 101.12 (RACC)

Calculated nutrition panels are generated based on reliable databanks using the recipe you provide. If laboratory analysis of your product is necessary, we can offer laboratory suggestions. If a product is not the databank, you may be asked to obtain the “nutritional analysis per 100 grams” from the manufacturer. For single nutrition panels, nutrition fact calculations are generated approximately 6-8 weeks from the receipt of a completed request form and all supporting materials.

Select Nutrition Panel Request

Standard Vertical Nutrition Panel Per Product \$200

Non-standard format – Requires prior approval from KY Food Safety Branch
